EXPERIENCE

Outreachy Applicant Outreachy organization

09/2021 - 11/2021

Achievements/Tasks

- I contributed to open-source projects like the Galaxy Training Network and Firefox through their repositories.
- I learned how to work on large-scale projects, read conversations on issues in order to identify problems and help to fix them.
- I learned to communicate with developers from different backgrounds and levels.

Graduation Project Intern ICPedia

09/2020 - 07/2021

Achievements/Tasks

- In our graduation project, we did Design, verification, and tape-out (RTL to GDSII) of a superscalar riscv-32im core.
- We integrated the cryptography IP with our project for encryption.
- I did the design and code of the website of our Project and that improved our presentation and marketing for both us and the project.
